# Colleczeni Archivo

**Advantages**

Versatile, flexible and available, Design Archive is an indispensable tool that provides unprecedented value to wide range of users for design professionals and business houses ranging from manufacturing, and trading to retail and e-commerce industries.

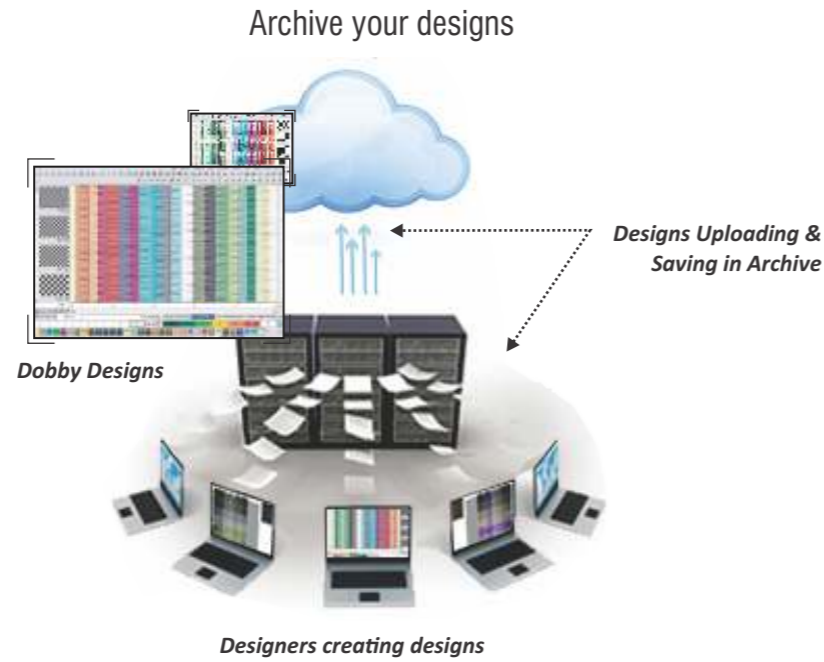

Users can upload designs to the vast library, search for desired patterns/collections in the Google-like search engine, visualize finished products with powerful 3D mapping, create design presentations, and share collections by mail or CAD.

**Features**

- Thousands of designs.
- Opportunity to showcase talent and earn money too.
- Powerful search engine and 3D mapping engine.
- Easy sharing of design assets.
- Enhanced connectivity, communication and accessibility.
- Merchant-centric approach.

**1 DESIGN CREATION AND ARCHIVE**

Create exact fabric designs in Dobby Design & Archive your data on our secure cloud server

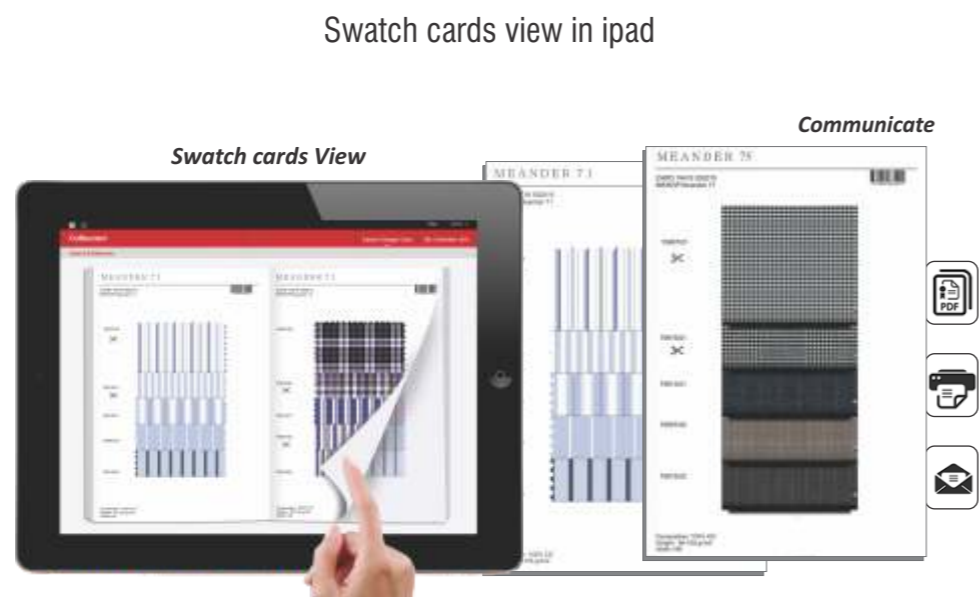

**2 CREATE SWATCH CARDS**

It allows you to easily create & save design cards using different card templates

**3 COLLECZONI**

Your client can select designs from the design swatches & place order directly & can be printed or shared via e-mail

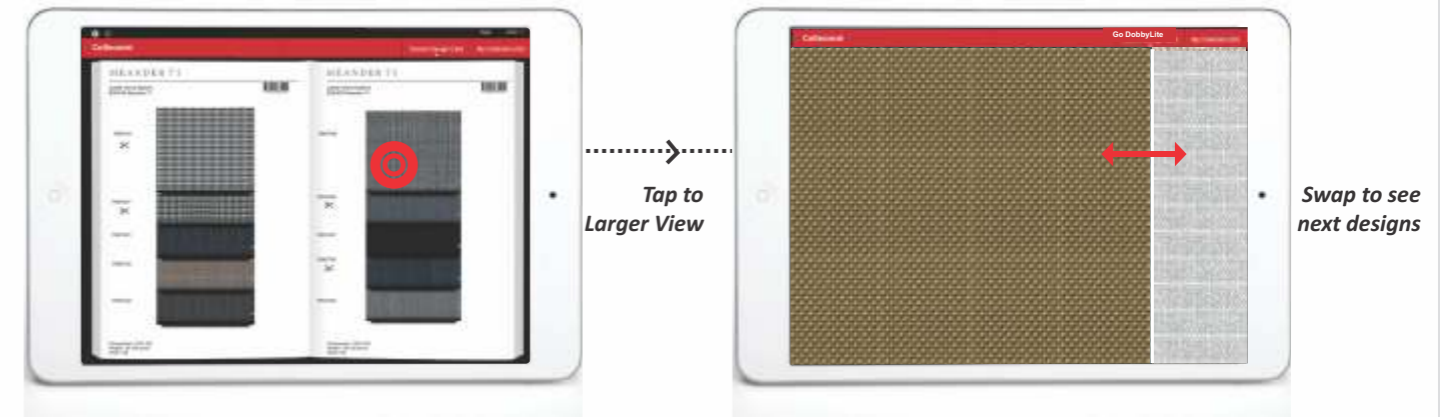

**Colleczeni Archivio** is a different section in Design Archive that deals with creating and searching of Design Cards.

It allows users to:

- Search Design : It allows searching of designs. This working will be same as the existing design searching.
- Creating Design Cards : It allows creating and saving of design cards using different card templates.
- Searching Design Cards : It allows user or their clients to search design cards and place orders accordingly.
- Design Editing : It allows user to view designs and edit design swatches in DobbyLite.

**SWATCH CARDS & IT'S LARGER VIEW**

Tap Swatch Card to see its Larger view in Ipad, You can swap finger to see other designs in Large View

**COLLECZONI TO DOBBYLITE & 3D LITE**

Tap on **3DLite** to 3d view of their designs

Tap on **Go DobbyLite** to edit swatches like change colorways, save designs & make collections of designs
